

Ice Breaker Activity-Middle/High School

Materials:

Questions (printed and cut out from provided table)

Mini-Whiteboard and marker, or student notebooks/paper

Directions:

Print and cut out the questions. Students will work in groups of 3-4. Students take turns drawing a question and writing their answer on a mini-whiteboard or in their notebooks so other students can't see their answer. Then, the student reads the question aloud. The other group members each get a chance to guess the answer to the question.

Additional Suggestions:

- Students can have more than one guess (dependent on time).
- Students can earn points for each correctly answered question.
- Students can draw a different question if they prefer.
- Printing questions on heavier card stock or laminating them improves durability. Also, printing sets of questions on different colored paper for the groups helps to keep track of the question sets.

Questions:

Your favorite pizza topping

Favorite season of the year

Name a candy you do NOT like

Favorite school subject

Best video game

Name a popular youtuber or tiktokker that you like
